

Author Agreement Statement

Manuscript title: *Sparse Biomarker Discovery from Low-Montage Resting-State EEG for tDCS Treatment Response in Adults with Treatment-Resistant Depression*

We confirm that this study has been read and approved by all named authors, and that no other individuals who meet the criteria for authorship have been omitted. We further confirm that all authors have approved the order in which the authors are listed. We understand that the corresponding author will serve as the sole contact for the editorial and publication process and will keep all co-authors informed of manuscript status, revisions, and final proof approval.
